**nView Health Named Top 10 Behavioral Health Solution Company 2020  
by Healthcare Tech Outlook**

*Leading mental health assessment provider recognized for technology that is helping to revolutionize mental health care.*

**ATLANTA, December 10, 2020** – nView Health, a behavioral health solutions company, is pleased to announce that it was recently recognized as one of the, “[Top 10 Behavioral and Mental Health Solutions Companies – 2020](#).” The list, compiled by Healthcare Tech Outlook, recognizes technology providers that are providing disruptive technologies to both improve the availability of mental healthcare and increasing the awareness and understanding of mental well-being.

“We are delighted to be included in Healthcare Tech Outlook’s Top Ten Behavioral Health Providers in 2020,” commented Jim Szyperski, CEO of nView Health. “Mental health issues have been thrust into the spotlight in 2020 with the growing worldwide mental health crisis further amplified by the pandemic. It is now more important than ever to screen everyone. nView solutions are helping providers around the world more accurately and efficiently identify disorders so we get it right the first time as a healthcare provider community.”

nView Health enables clinicians and researchers to more accurately and quickly identify, diagnose, and monitor those with behavioral health disorders using the M.I.N.I., a structured diagnostic interview that quickly and accurately assesses up to 17 adult and 24 pediatric mental health disorders. It has been used in clinical research and patient care for more than 25 years and cited in more than 17,000 publications. Now in a digital format, the M.I.N.I. and its brief screener along with several other accompanying solutions, help providers around the world more accurately identify, diagnose and monitor patients with mental health disorders.

**About Healthcare Tech Outlook**

Healthcare Tech Outlook has been a pioneer in offering learn-from-peer approach to the healthcare arena, offering technology advice to enhance both the overall healthcare landscape and assist individual care providers – from general practitioners and specialists to post-acute care organizations.

**About Nview**

nView Health offers behavioral health technology that enables healthcare professionals, researchers, and educators to rapidly deliver the right diagnosis, resulting in the right treatment at the right time. Its signature product, the digital M.I.N.I., allows providers to deliver validated diagnostic behavioral health screens, interviews, outcome tracking, and billable services to patients in a simple, easy-to-use platform.
